

Email Sent April 29th, 2020:

Please read this email thoroughly in order to not miss any information.

Good afternoon,

In response to the recommendations from Ottawa Public Health and the Government of Ontario regarding physical distancing, and restrictions to the number of people permitted to gather at one time, Housing and Residence Life Services will be restricting the number of people permitted to gather together. These restrictions are part of the Fundamental Standards of the Residence Standards and all residents are responsible for upholding and abiding by municipal, provincial and federal laws, in addition to the Residence Standards.

Until further notice, no more than two (2) people are permitted to be in a residence room or community gathering space at one time. This may include but is not limited to: your residence room, suite, bathroom or living area; lounges; Residence Commons; the tunnels; lobbies or exterior areas. **As well, no off-campus guests are permitted in residence.**

These increased restrictions are in order to prevent the spread of COVID-19 in residence and our greater community.

For those who do not adhere to these measures, there will be follow up as part of our student conduct process. Possible sanctions could include bonds and fines, and in extreme cases termination of the Residence Agreement.

What does physical distancing in residence look like?

- Keeping a distance of at least 2 arms lengths away from all other members of our community
- Avoiding groups of people in Residence Commons

-Staying in your residence room as much as possible

- Using technology to keep in touch with friends and family
